

## **The Tottenham Grammar School Foundation**

### **Safeguarding Statement**

---

The Tottenham Grammar School Foundation (TGSF) does not work directly with children or adults at risk in any face-to-face or supervisory capacity.

Administrative communication may take place with applicants aged 16–25, including some who may be under 18. The Foundation (in this case, the Clerk and any other administrative staff), must maintain professional boundaries in all communications and use official TGSF email accounts.

If a young person discloses information suggesting they or others may be at risk of harm, this should be referred immediately to the Clerk or Chair of Trustees. TGSF does not investigate safeguarding concerns directly; where necessary, matters will be referred to the relevant school, college or statutory agency.

The Foundation relies on funded organisations to have their own safeguarding policies in place, and safeguarding due diligence forms part of TGSF's consideration when awarding grants.
